MCE established 2005

- MCE have long been known for supporting local business and sharing awareness.
- MCE have established a great environment that attracts people to want to know more!
- MCE Deals direct, as we are the very people who work within the Australian Mining Industry, the MCE members/ cliental are the very people who do the Job “The worker” the person who puts those pair of boots on, whether it be FIFO, DIDO, BIBO or simply within the local community business’s.

MCE operate throughout Australia and International and actively seek out solution's to many issues good or bad, that will help contribute to “The worker” getting on with his job!

MCE Head Office is situated in the heart of the tourist centre of Mandurah WA reaching our members and finding many opportunities to support and give back to the community of where many of us reside.

MCE proudly continue to grow from the interest and support received from not only our members, but also the general public response to the support we offer to all.

Join in and contribute to supporting the “worker” of Industry!
